FEMALE CHARITABLE SOCIETY OF NEWARK.

Organized 1803—55 years ago.

~~~~~

This Society was formed in 1803. The object of which was to assist all *worthy poor* females of this city, without denominational distinction, who are of good character and standing, and in need of assistance. An annual sermon has been preached by some one of our clergymen, and a collection taken in aid of the Society, which together with donations from other sources, has enabled the Society to *ameliorate* the condition of thousands of suffering poor in this City.

The total amount received from November 14, 1856 to November 14, 1857, was - - - - - \$799 91

Whole amount expended in the same time - 755 25

And several hundred families assisted (more or less).

The last annual sermon was preached the 7th of March, 1858, in which the claims of the Society were ably, feelingly and forcibly presented by Rev. Dr. Neville, in Trinity Church, on Sunday evening.

✚ This was printed 24th February.

# PROGRESSIVE GROWTH OF OUR CITY.

The following table shows the growth of our population during the last thirty-one years; in which period it appears to have grown from Eight Thousand to Sixty Four Thousand, and that, too, by those regular gradations that indicate a sound and wholesome progress. The prosperity of the city rests upon the surest of all possible grounds—steady industry and sound morality. At the present rate of progress—and we see nothing that is likely to check it—the population must approach at least an hundred thousand within another 15 years.

## **FIRE DISTRICTS.**

### ARRANGEMENTS OF THE FIRE DISTRICTS.

The Chief Engineer of the Fire Department, has recently made an arrangement of the Fire Districts, whereby more accurate information can be given by the Watchman on the Tower, and so facilitate the operations of the Department. The Districts as at present constituted, are as follows :

1st. North of the canal, bounded by Broad and High streets, on the west side of the city.

2d. South of the canal, bounded by Broad and High streets, on the west side of the city.

3d. South of the canal, bounded by Broad street, and Railroad Avenue, on the east side of the city.

4th. North of the canal, bounded by Park place, Broad street and the river, on the east side of the city.

5th. East of Railroad Avenue.

6th. South of a direct line west from the Tower, and west of High and West Broad street.

7th. North of a direct line west from the Tower, and west of High street.

To obviate all confusion and difficulty, such as has occurred hitherto, the Chief Engineer has made the following arrangement: All fires that may occur below the points mentioned in the several districts, viz :

1st District, Upper Park and James street.

2d do. Hook and Ladder Co. No. 1 House.

3d do. First Presbyterian Church, Mechanic and East Fair street.

4th do. Rector street.

5th do. Moore & Sealy's hat factory and Elm st.

6th do. Court street.

7th do. Orange street.

will be signalled from the Tower by a red flag in the day time, and a red light at night. When the fire is above the places mentioned, no signal will be given.

**PIERSON'S  
NEWARK CITY DIRECTORY,**

**FOR THE  
83d YEAR OF AMERICAN INDEPENDENCE,  
FROM 4th JULY, 1858.**

*Important Observations to those using this Work.*

Throughout this Directory, the Christian names of those where there are more than one of the same surname are carefully alphabetically arranged, male and female, firms, &c. In searching for a name, the inquirer must know the proper spelling. For example, a person seeking for Pierson will not find the one sought for if he looks in the names of Pierson, or Person; so, also, for Bonnell, he should not look among the Bonnells, or Bunnells; and for Conger, not in Congar; and for Parcels, not look in Parsals, Parceils, or Parsil; nor for Hays in Hayes.

*h. stands for house.—n. near.—c. corner.—r. residence or rear.—Av. Avenue.—Pl. Place.—Ct. Court.

# THE NEWARK KINDLING WOOD FACTORY.

The undersigned having purchased the right of J. A. Conover's Splitting Machine, are prepared to furnish the citizens of Newark with

## KINDLING WOOD,

Sawed and split by Steam Power, in a much more convenient and economical shape for kindling, thus saving them the trouble and inconvenience of having their wood sawed and split on the side walks, and at a price 15 to 20 per cent. cheaper than in the usual way. The factory is located

## AT THE EXCELSIOR MILLS.

On River st., adjoining J. D. Poinier's Lumber Yard.

The Kindling wood is sawed from 6 to 7 inches in length, and is split in pieces from  $\frac{1}{4}$  to  $1\frac{1}{4}$  inches in thickness, or any other size ordered.

The public are respectfully informed that we are delivering Kindling wood in boxes—7 of which contain a quarter of a cord,—free of cartage at the following prices for cash:—

POPULATION.—I have, from the commencement of my DIRECTORY, calculated the population by the ratio of FOUR persons to a name, which has in all cases but two been overrun by the real population. Thus, in 1835 I estimated the population at 18,201. In 1836, there were 5,004 names and 20,376 population. In the fall the city census gave 19,732, being 644 short, the first time that my calculation overrun. In 1840 there were 4,160 names and 16,640 population, and the United States census gave 17,202. In 1845, there were 5,800 names, and 23,200 population, and in the fall I took the city census, and found 25,433. In 1850 there were 9000 names, and 36,000 population, and in the fall when the United States census was taken, there were found 36,894. In 1851, there were 10,000 names and 40,000 population. In 1852, there were 11,000 names, and 44,000 population. In 1853, there were 11,500 names, and 46,000 population. In 1854, there were 13,500 names and 54,000 population. In 1855, 14,300 names, and 57,200 population. In 1856, 14,352 names and 57,408 population. In 1857, 16,000 names and 64,000 population.

The price of my book is ONE DOLLAR AND FIFTY CENTS, and I wish all to be prepared to pay when delivered.
